WHY INNOVATION NIGHT

As a leader in innovation onstage, La Jolla Playhouse couldn't be a better place to host this extraordinary event each year, bringing San Diego's flourishing community of science and technology innovators together for an evening of creative exchange. Over the past fifteen years, Innovation Night has raised well over \$2 million to help enhance the Playhouse's own "R&D" efforts – including our signature play development programs, Without Walls (WOW) series of immersive and site-inspired theatre, as well as ongoing artist commissions and residencies – all while facilitating partnerships among artists and leaders in San Diego's life sciences, biotech, high-tech, clean-tech and defense and telecommunication industries.
